

1.

Remove the protective wrap.

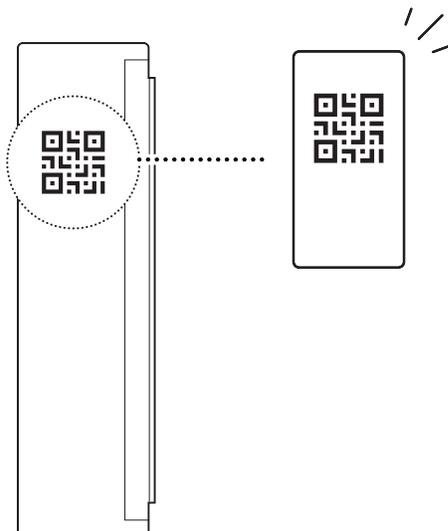

2.

Download the Ring app.

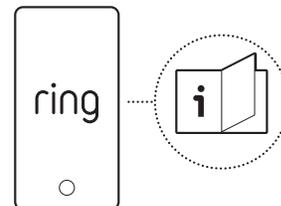

3.

Scan the QR code on your device.

4.

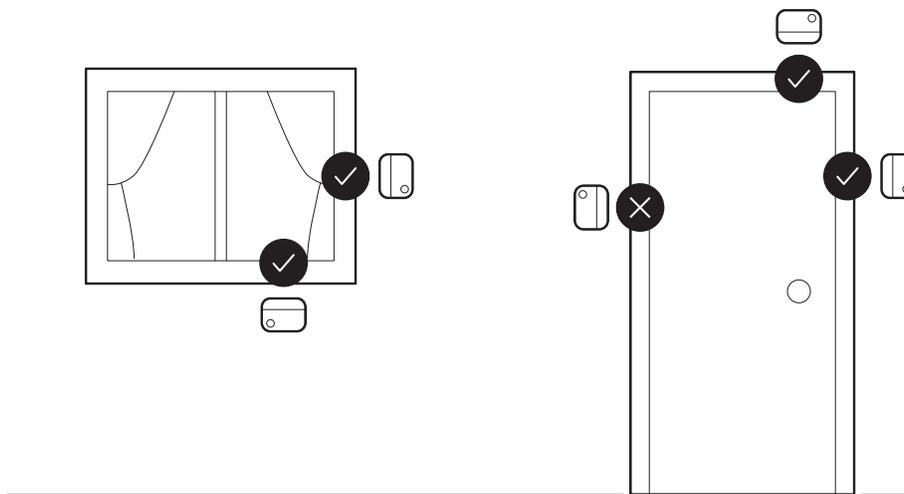

Follow in-app setup.

Installation

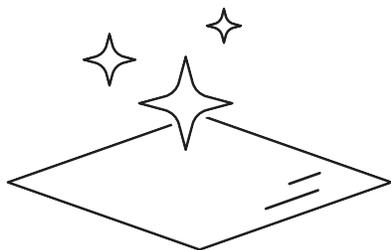

1.

Choose a location with a door or window and frame.

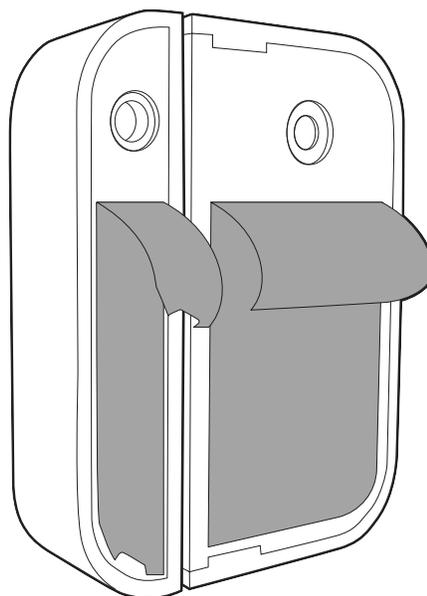

2.

Wipe the area clean and let dry.

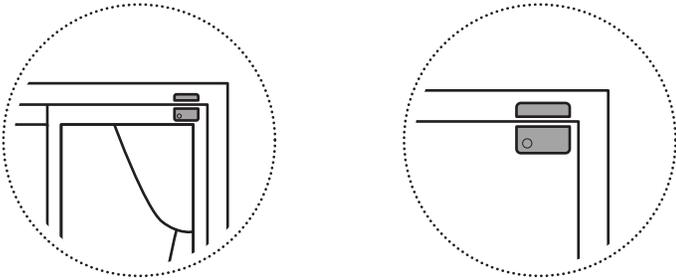

3.

Remove the protective strips from the adhesive backing.

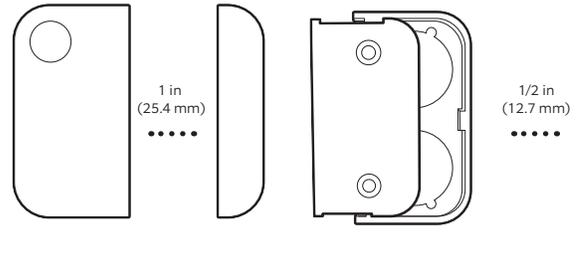

4.

Attach the sensor and magnet to the door or window and frame.

NOTE: Ensure no more than 1 in (25.4 mm) between sensor and magnet when closed. Leave at least 1/2 in (12.7 mm) of space to open the battery compartment.

Amazon Sidewalk-enabled device; requires Amazon Sidewalk coverage for use. Coverage may vary by location. For Amazon Sidewalk information, visit ring.com/sidewalk
