Demonteringsverktøy

Verktøy du trenger

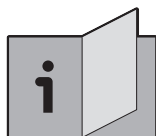

Skrutrekker

Bor med 1/4 tommers (6 mm) murbits (tilleggsutstyr)

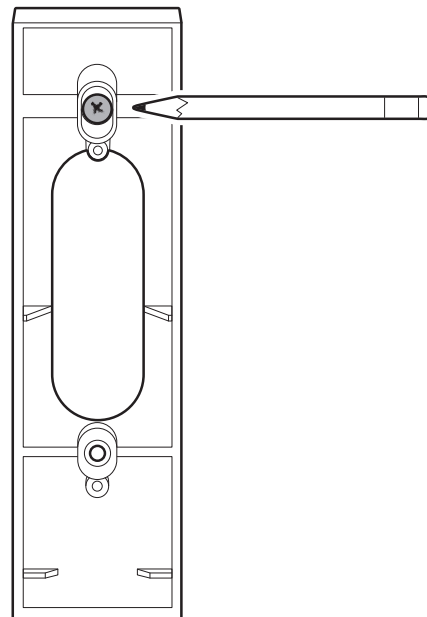

1.

Se monteringsveiledningen for ringeklokken for å klargjøre monteringsstedet.

2.

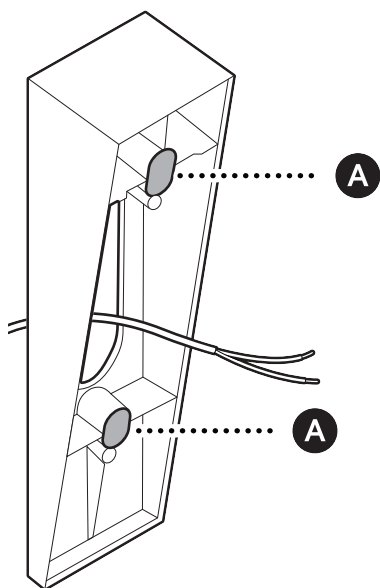

Bruk kilefestet som en veiledning for å markere skruehullene på vegggen ved behov.

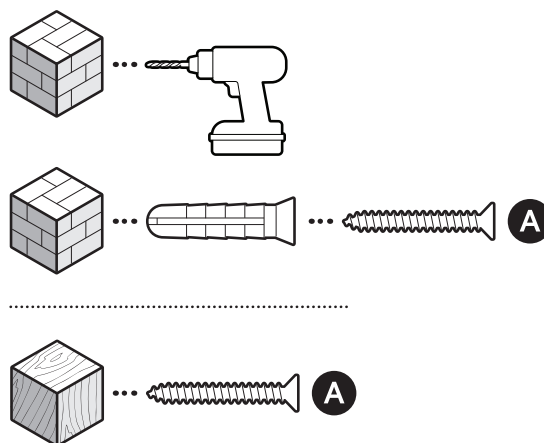

MERK: Merk begge topphullene eller begge bunnhullene, avhengig av ønsket monteringssted.

3.

Monter festet over ringeklokkeledningene eller på vegggen med de medfølgende skruene, slik at det vender ned.

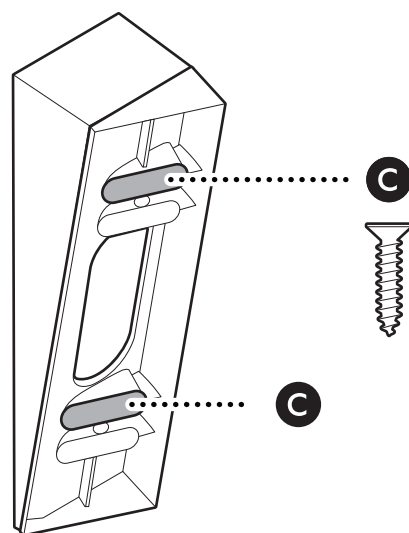

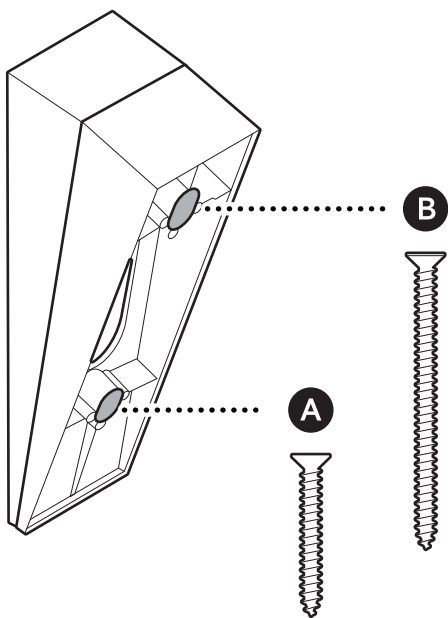

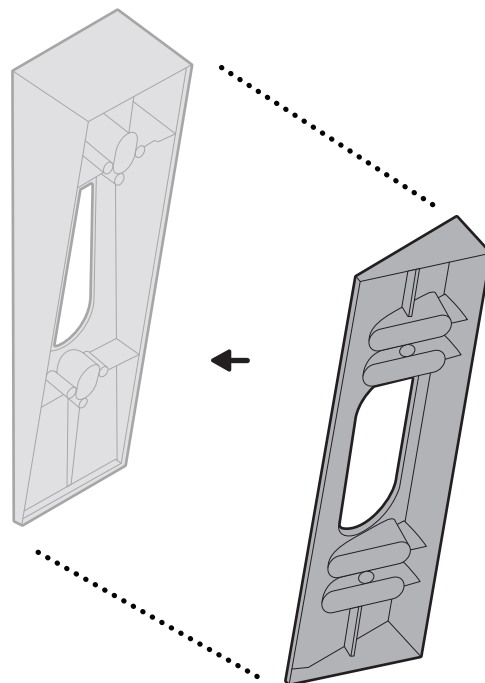

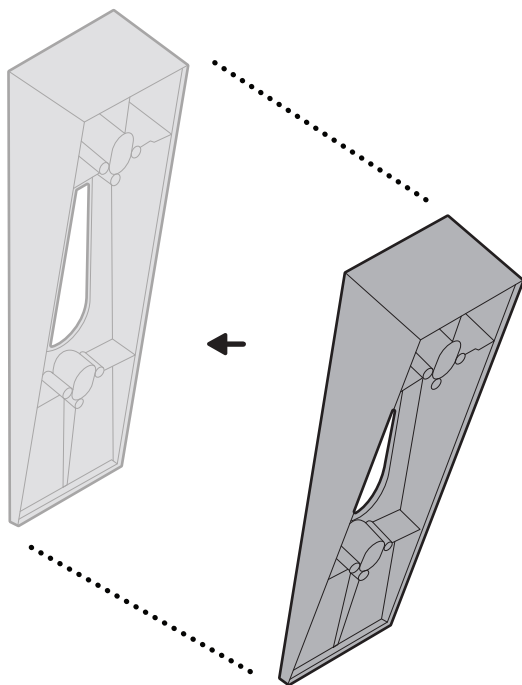

På stukkatur, murstein og betong bruker du et 1/4 tommers (6 mm) murbor for å bore hull til de medfølgende veggfestene.

4.

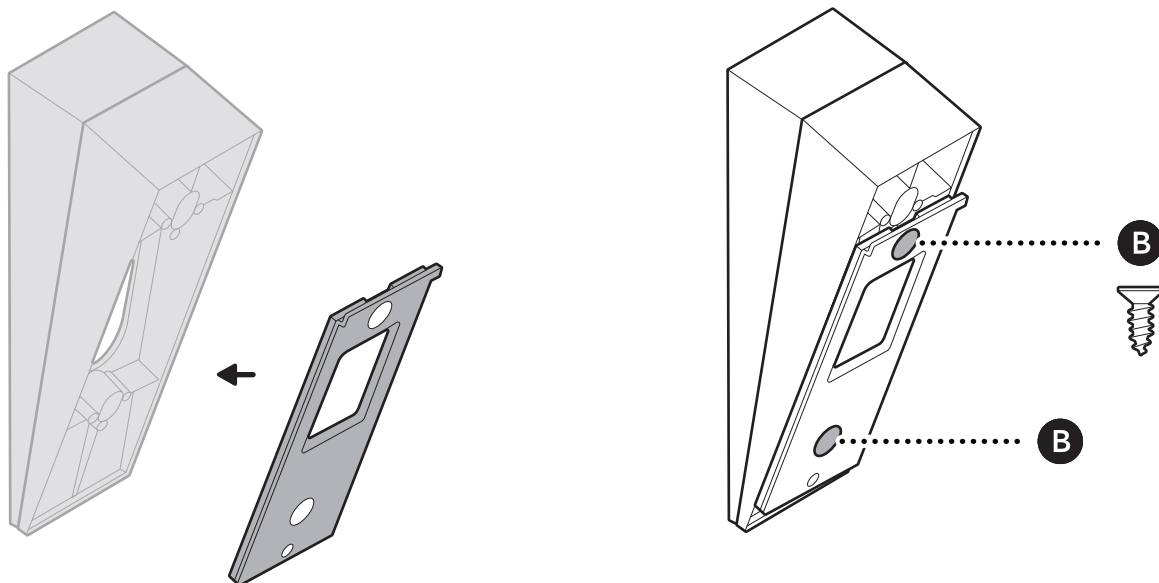

Hvis du skal montere flere kile- eller hjørnefester, må du sette inn skruene gjennom begge festene for å holde dem sammen.

MERK: Vi anbefaler ikke mer enn to..

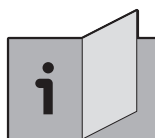

5.

Fest monteringsbraketten til ringeklokken over festet.

6.

Se monteringsveiledningen for ringeklokken for å fullføre oppsettet.
